PROFESSIONAL POSITIONS

I'm a self-taught web developer with nearly 20 continuous years of programming experience, 10 years of professional experience as a front end developer, and 5 years of experience in technical leadership roles at reputable companies. In just five years, between 2007 and 2011, I advanced from associate web developer to principal software engineer, and was often recognized for my strong, people-first work ethic. I'm returning to work after a 10-year career break, which I used to further my education. Recent aptitude evaluations note my decision-making ability and fit for managing others. [See References](#)

Career Break Grand Rapids, MI

MORE ABOUT ME

- | | |
|----------|--|
| Learning | I taught myself business administration, software engineering, and essential mathematics using regular textbooks—I just didn't complete a degree. I do have some college credits in management, psychology, etc. I'm an avid reader and I read to learn. |
| Fitness | I have over 20 years of fitness experience that includes cycling, marathons, an Olympic distance triathlon and common achievements in strength training. |
